

List of principal indicators for Development Plan

While preparing matrix of indicators for the Development Plan under the „Local Development” Programme the applicant should select indicators adequate to (basic) project activities, no less that one indicator per activity. In case there is no principal indicator adequate to planned activity, the applicant may use indicator place at the „List of auxiliary indicators” or formulate relevant indicator by itself.

Area	Indices used to analyse factors	Data source		Size of the municipality (urban-rural municipality – GMW, urban municipality – GM, municipality with district rights – GPP)	Position in the logic of intervention
		For the purposes of analysing intramunicipality diversification (data according to address points/streets)	For the purposes of municipality analysis (data for a territorial unit)		
Potential and competitiveness of the local economy	Number of economic entities registered with the CEIDG Business Activity Central Register and Information Record by place of business per 1,000 residents	CEIDG⇒ https://prod.ceidg.gov.pl/ceidg/ceidg.public.ui/Search.aspx / Unit for registration of population – with regard to data from the Register of residents of the municipality		GMW GM GPP	Outcome, impact
	Ratio of the number of newly registered enterprises to those deregistered from the CEIDG	CEIDG⇒ https://prod.ceidg.gov.pl/ceidg/ceidg.public.ui/Search.aspx		GMW GM GPP	Impact
	Number of economic entities pursuing activity in the sector of financial services per 1,000	REGON register⇒ https://wyszukiwarkaregon.stat.gov.pl/appBI/index.aspx with regard to entities	CSO LDB - data for the territorial unit https://bdl.stat.gov.pl/BDL/dane/teryt/jednostka -> Category -> Entities of the		GM GPP

Area	Indices used to analyse factors	Data source		Size of the municipality (urban-rural municipality – GMW, urban municipality – GM, municipality with district rights – GPP)	Position in the logic of intervention
		For the purposes of analysing intramunicipality diversification (data according to address points/streets)	For the purposes of municipality analysis (data for a territorial unit)		
	registered economic entities (PKD: section K financial and insurance activity)	registered with section K – Financial and insurance activity with the following PKD numbers: 64.11.Z 64.19.Z 64.20.Z 64.30.Z 64.91.Z 64.92.Z 64.99.Z 65.11.Z 65.12.Z 65.20.Z 65.30.Z 66.11.Z 66.12.Z 66.19.Z 66.21.Z 66.22.Z 66.29.Z 66.30.Z	National Economy by REGON Register -> Entities by PKD 2007 sections and divisions and ownership sectors		impact

Area	Indices used to analyse factors	Data source		Size of the municipality (urban-rural municipality – GMW, urban municipality – GM, municipality with district rights – GPP)	Position in the logic of intervention
		For the purposes of analysing intramunicipality diversification (data according to address points/streets)	For the purposes of municipality analysis (data for a territorial unit)		
	Number of economic entities pursuing professional, scientific and technical activity per 1,000 registered economic entities (PKD: section M Professional, scientific and technical activity)	REGON register⇒ https://wyszukiwarkaregon.stat.gov.pl/appBLR/index.aspx with regard to entities registered with section M – Professional, scientific and technical activity with the following PKD numbers: 69.10.Z 69.20.Z 70.10.Z 70.21.Z 70.22.Z 71.11.Z 71.12.Z 71.20.A 71.20.B 72.11.Z 72.19.Z 72.20.Z 73.11.Z 73.12.A 73.12.B	CSO LDB - data for the territorial unit https://bdl.stat.gov.pl/BDL/dane/teryt/jednostka -> Category -> Entities of the National Economy by REGON Register -> Entities by PKD 2007 sections and divisions and ownership sectors	GM GPP	Impact

Area	Indices used to analyse factors	Data source		Size of the municipality (urban-rural municipality – GMW, urban municipality – GM, municipality with district rights – GPP)	Position in the logic of intervention
